### STELLARIS MONTHLY NEWSLETTER MARCH 2021

Stellaris Team,

Like the North Star leading the way, Stellaris leads it's brand partners and employees towards stellar operations and professional growth as we feel driven by a responsibility to our brand partners, employees and communities. We believe in cultivating life leaders, and in order to do that we need to support, communicate and unite as a team under the same vision. We hope this newsletter is one thing that helps each month to do just that. We encourage you to read everything here, follow us on social media, join us at our team events, encourage your teammates to do the same, and ask yourself how you can be a leader in your roles at work and in life.

Ahmad Moalej,  
Stellaris Founder and CEO

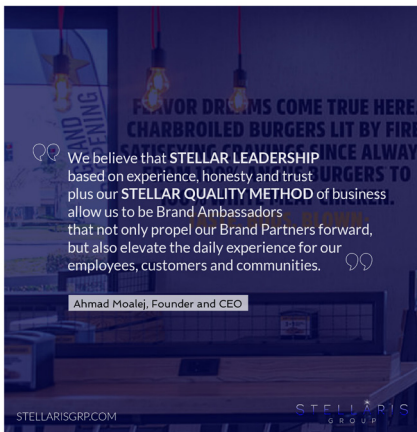

## IN THE NEWS

A new brand rises on the horizon and casts its leadership as it spreads through the West Coast. Ahmad Moalej, with 24 years managing his ever-growing restaurant portfolio, introduces his restaurant group's brand, Stellaris Group, the rising star that will guide its brand partners and employees towards professional growth and Stellar operations.

To ascend as a rising star in the QSR industry, an emerging restaurant group must have a strong and experienced leader to show the way on the journey towards stellar operations. Stellaris Group and Ahmad Moalej, founder and CEO, are the North Star that leads the way. Ahmad is proud to introduce Stellaris Group as the new brand and pinnacle of his 24+ years of work in the restaurant business.

We are driven by a sense of responsibility to our communities - brand partners, employees and customers. Because of our years of experience, our track record, our standard of excellence and standard of ethics, just like the north star, we are reliable leaders our brand partners, employees and customers can count on to lead them to stellar operations and stellar professional growth. This symbol of the reliable North Star is what inspired the creation of the Stellaris Group brand, which we launched to inspire our team to work together on our journey towards stellar operations.
