STELLARIS MONTHLY NEWSLETTER FEBRUARY 2021

Stellaris Team,

Like the North Star leading the way, Stellaris leads it's brand partners and employees towards stellar operations and professional growth as we feel driven by a responsibility to our brand partners, employees and communities. We believe in cultivating life leaders, and in order to do that we need to support, communicate and unite as a team under the same vision. We hope this newsletter is one thing that helps each month to do just that. We encourage you to read everything here, follow us on social media, join us at our team events, encourage your teammates to do the same, and ask yourself how you can be a leader in your roles at work and in life.

Ahmad Moalej,
Stellaris Founder and CEO

IN THE NEWS

Our new POS system, Crunchtime and Brinks, has better, faster, and more efficient technology. It allows General Managers to do the majority of their back office responsibilities from their tablet. The new system will save time, money and give the opportunity for GMs to interact with their teams on the fly.
